- Intensive Express
- Super Intensive

Warranty

BLANCOCare™ 2 years parts & labour

5 Year Limited Warranty (Wash pump motor part only)

Features

Benefits

6* Water Rating

This Blanco dishwasher has a 6* water rating making it one of the most water efficient units on the market.

Automatic Door Opening

The dishwasher door automatically opens at the end of the drying cycle to allow the dishes to dry naturally. This results in energy savings.

Energy Saving Systems

These systems significantly reduce the energy consumption of your dishwasher by not only reducing the final rinse temperature and duration, but after 5 minutes of being idle the dishwasher automatically switches to standby mode.

Extra Hygiene Function

The extra hygiene function washes dishes at a high temperature for a longer period to ensure more hygienic washing. This function performs the final anti-bacteria rinse at 70°C to ensure a sterile clean for your dishes.

Wine Glass Supports

This Blanco dishwasher is perfect for the entertainer. With tri-level wine supports on the top and bottom baskets, you can fit even the tallest of wine glasses and be assured that they are fully supported, will not fall over and will come out perfectly clean.

Anti-Drip Platforms

These platforms raise your plates from the bottom of the basket allowing them to dry more efficiently and reduce water droplets from settling on the bottom of the plates.

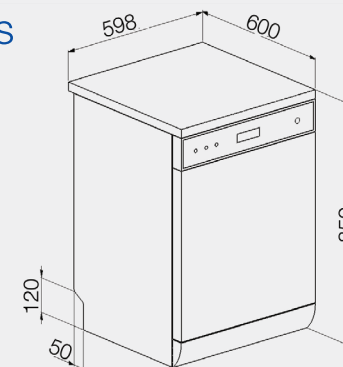

3rd Layer Split Cutlery Tray

This 3rd layer cutlery basket has a multitude of different configurations to give you full flexibility when loading your dishwasher and optimum cleaning results.

5 Stage Filtration System

A stainless steel filter system which has 5 stages of filtering to capture any food debris resulting in the highest quality wash possible.

Specifications

Product Dimensions:	850H x 598W x 600D mm
Capacity:	15 place settings
Energy Rating:	4 Star
Water Rating:	6 Star
Wash Temperatures:	38°C-70°C
Heating Element:	1800W
Power Requirements:	220- 240V; 50/60Hz;10 amp; 3 pin plug supplied
Power Cord Length:	1.5 metres
Water Connection:	Single, hot/cold water supply - cold water recommended
Water Consumption:	9.8L
Water Inlet Hose:	1.1 metres max
Water Pressure:	Min. 0.05MPa Max. 0.9MPa
Drying Process:	Natural condensor
Noise Level:	42 dBA
Delay Start:	1-24 hours
Removable Worktop:	Yes
Fingerprint Resistant:	Yes
Aqua Stop:	Yes
Adjustable Top Basket:	Tri-level
Third Spray Arm:	Yes
