

2018 Tri Hull Angel One – 49feet

Descriptions

THIS BOAT IS IN VICTORIA

Angel One – a magnificent 2018 custom-built tri-hull is decked out with everything you need for this summer. A recent Survey conducted in September 2021, a recent engine service and anti-foul round off a great boat that is in great shape and ready to go.

Powered by twin Volvo Penta 400HP D4 engines with under 100hours on each this boat is loaded with surprises at every turn.

Stepping onto the swim platform and you see a big wide beam(5.2m) with spacious outdoor lounge with seating for 8. Step into the cabin and the Air Conditioned comfort is felt straight away. In fact, you'll feel it throughout the whole boat as there are four separate climate controlled AC zones on board.

The internal lounge is spacious with room for everyone, a TV that automatically appears out of the wall and a karaoke machine with surround sound!

The helm is spacious and has everything you need – electronic throttles, the latest Garmin 7410XSV plotter and a big windscreen to give you a view of everything ahead. The internal lighting is next level and the attention to detail is fantastic.

The galley has a convection/microwave oven, Dometic fridge and hotplate to keep everyone happy.

The main berth is spacious with a Queen bed with lots of storage. The bathroom has a shower, toilet and sink to keep everyone freshened up.

The second cabin has a large twin berth with more storage as well.

The crew quarters has two single berths accessible from the second cabin, or from the lounge room via a compact hatch.

The bow is a great place to catch the sun with a main queen size daybed but also with two single lounges with built in head and armrests! Perfect for those long cruising days!

The flybridge has a spacious lounge area seating 8 with a huge daybed and helm controls as well.

This is a unique boat that is full of features and with very low hours.

This boat would be great in any harbour or indeed the inland lakes and waterways.

Please contact Simon Payne on 0411 264 268 to arrange an inspection today!

Highlights

2018 Tri Hull – hull #5
